

World Class Lab

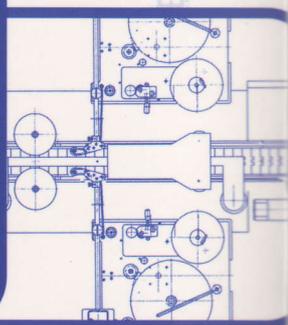

DESIGN

Qualified design engineers, using modern CAD methods, turn your requirements into reality. From stand-alone systems to complete in-line solutions, ALS engineers have the skills and expertise to integrate high performance hardware successfully with powerful software proofing tools at the design stage.

ALS is an established leader in the supply of total labelling solutions. Our success is built on the expertise of our staff, who are committed to providing exceptional levels of customer service and support - from system design through to manufacture, installation and commissioning.

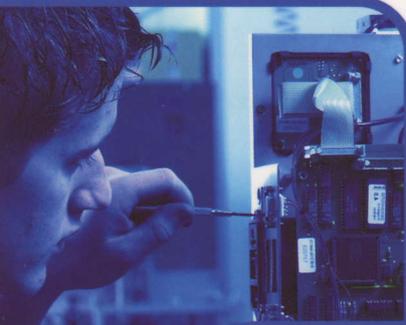

"modern CAD methods"

The main ALS range encompasses:

- Label printers
- Label applicators
- Print & apply systems
- Pallet labellers
- Tube labellers
- Rotary labellers
- Labelling software

EXPERIENCE

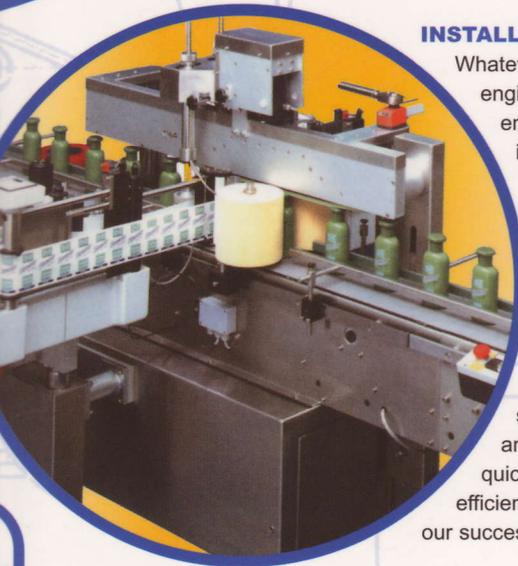

We have a reputation for 'solving the unsolvable' when it comes to complex or difficult labelling applications. Our experienced engineers and packaging technicians are involved in the process from day one, providing unrivalled consultancy, and delivering solutions that will exceed your expectations from the start.

MANUFACTURE

At ALS we manufacture a full range of label printers, applicators and print & apply systems, as well as undertaking in-house software development. We also manufacture self-adhesive labels, including 'intelligent' RFID security labels and tags.

elling Solutions

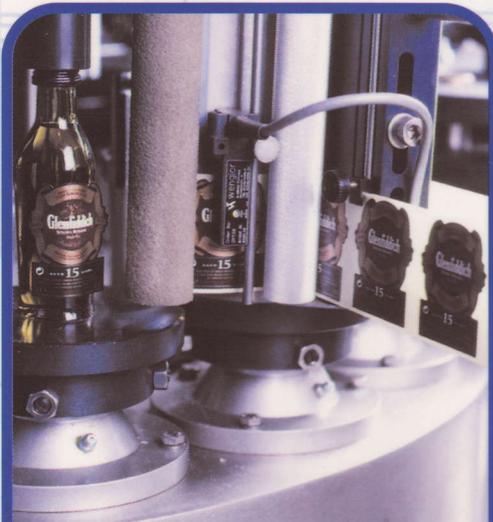

INSTALLATION

Whatever size of job, our engineers are on hand to ensure successful implementation of every ALS labelling solution. On-site commissioning and training is provided in accordance with your specific requirements. Ensuring your system is operational and profitable in the quickest and most efficient manner is key to our success.

“2 year warranty”

SERVICE SUPPORT

Regionally based service and support engineers, with fully stocked vehicles, are on call throughout the UK and Ireland, enabling them to provide our customers with a fast response service. Our engineers are qualified to resolve virtually any issue on-site, helping to keep your systems operating at their optimum production capacity and thereby reducing possible downtime. We provide a comprehensive 2 year on-site, parts and labour warranty on all label application machinery installed in the UK and Ireland.

“we have a reputation for solving the unsolvable”

“extensive stock”

SPARES

We maintain an extensive stock holding in our warehouse, providing a rapid turnaround of spare parts. Orders for stock items received before 4pm are despatched same day.

CUSTOMER SUPPORT

Our customer support is just a phone call away. From sales and service, to spares and consumables ordering, dedicated specialists provide friendly help and advice.
